**Summary:**

Manuka (*Leptospermum Scoparium*) is a unique evergreen tree, indigenous to New Zealand. Bees love the intensely scented white flowers which bloom in summer. Manuka honey is a lovely dark colour with a stronger, more intense flavour and an unique aroma.

### Clover Honey 500g

Clover honey is one of New Zealand's most loved honeys. It is created by foraging bees, collecting nectar from the clover flower. Our clover honey is produced from farms around the Ellesmere and Ashburton districts, no more than 50kms from our home base.
